

PRODUCT REVIEW

AFT CUSTOMS PRO STREET EXHAUST FOR SOFTAILS

BY: WACKO

AFT Customs' Pro Street exhaust for Harley Softails offers custom looks in an "off-the-shelf" product. It features a patent pending detachable collector, the first of its kind in the market. It has a ferocious sound and offers great performance between 2000-5000 rpms. It comes with full heatshields and is available for

Harley Softail from 1986-present. O2 sensor bungs are available on request. To make your V-Twin sound and look like a show-winning custom, look no further. For more information on the hottest custom parts call AFT Customs at 209-223-3848 or online at www.AFTCustoms.com.
